

Parts Book

Marine Engine

**L136, L136T, L136TL, L136TI
L086TIH, L086TIM, L086TIL**

Marine Generator Engine

**AD136, AD136T
AD136TI, AD086TI**

FOREWORD

- This parts list is shown the equipment components parts of 『DOOSAN Marine Engine **L136, L136T, L136TL, L136TI, L086TIH, L086TIM, L086TIL** and Marine Generator Engine **AD136, AD136T, AD136TI, AD086TI**』.

1. HOW TO ORDER PARTS

When ordering parts, please specify the following items as shown in the following example.

- Ex. 1) Model of Machine : L136 — Shown on cylinder block
2) Machine Serial No. : EBCKM500001
3) Part No. : 65.02501-0214
4) Description : Piston
5) Q'ty : 6
6) Purchaser's Name and Address:

2. HOW TO USE THIS PARTS LIST

- Key No. : Key No. Shows the referring number of illustration.
Parts No. : Part No. is it's own number.
Description : Part name. There is printed information such as size, specification with the part name or not. Components parts of one assembling part are shown with 『・』 mark and shown below of an assembling part. Also, if the components parts marked 『・』 consist of further components parts, these further component parts are with 『・・』
Q'ty : "Q'ty" shows the quantity used for one machine, however "Q'ty" of component parts shows the quantity used for one assembling part.
S.C : Abbreviation is service code of parts has its own meaning as shown below.
B : The parts with this abbreviation show that they require some work on them before installing in the machine.
D : The part with this abbreviation is a component of an assembling part and is not available independently. The assembling part containing this part should be orderd.
R : The part with this abbreviation shows that the quantity of the part is changed depending on the machine, such as an adjusting shim etc.
S : This part is specially provided as a service part, which was not provided in the machine before shipping from the factory.
G : This part needs special care(grade control) to perform the maintenance job. Before order, the grade of the part should be confirmed(It should be same with the grade of matching part.)
OP : Optional parts.
EX : Specific design parts.
OS : Over-sized parts.
US : Under-sized parts.
(Part with abbreviation "OS" or "US" is described on the line below the standard sized part).
***** : The part with this abbreviation is not supplied for A/S.

- When repairing, it is recommended to use our standard parts.
- Researching the parts from Part No., see the Parts Index in finish of this parts list.
- Parts may be altered in a constant effort to improve machines. Then, it is recommended that customers contact our after service center.

Jul. 2005.
